

PASTOR'S NICKEL

Pastor's Nickel – We Add, God Multiplies

Pastor's Nickel

Sometimes we wonder how much impact our contribution makes in the Kingdom of God. Sometimes we think that what we have been able to add by our time or money or gifts is minimal in the whole scheme of things. But the reality is that what we may add, God multiplies. I saw the draft of the church's financials this week and was blown away by the generosity of this congregation and what we have donated together. In total almost \$765,000 was contributed for budget and collections. Of this about \$147,000 went to support denominational ministries such as Missionary support, ministry shares and World Renew. It inspires me that this family seeks to bless national and international ministry at the ratio of \$1 of every \$5. I think that this is the kind of generosity that the church in Antioch had when it gathered resources to send out the missionaries Paul and Barnabas (Acts 13:1-3). Praise God that he takes our small contributions and multiplies them for Kingdom ministry! *That's my nickel. Pastor Bob*
